

# In Rivers

Written by Michael and Jessica Williams

## Verse 1:

          C      D          G  
One thousand times the depth I've seen  
          C      D      G  
Waves sweep my feet from under me  
          C          D      Em  
Old cares washed quickly down the stream  
          C      D      G  
In rivers now, I'm moving free

## Chorus:

Em      D      G  
Its here - its here  
      Em          D          C      G  
This place was made for the river

## Verse 2:

          C      D          G  
Of all the times you've called to me  
          C      D      G  
I'm now responding fearlessly  
          C          D      Em  
The shore it holds no more for me  
          C      D      G  
In rivers now, I'm moving free

## Bridge:

C                          D Em  
Catch us up on a fresh wave  
C          G          D  
Take us up to meet with You
