

LIGHT CITY MUSIC

Stars

Written by Michael and Jessica Williams

Verse:

E C#m
Every star whispers Your name, joining in I will proclaim
E C#m
There is nowhere else that I would rather be
E C#m
Holy one my everything, breathe your breath of life in me
E C#m
I will live to worship You here at your throne

Pre-Chorus:

A C#m
And you've brought me to this place
F#m E B
Just to see You face to face
F#m E B
So once again all that I am will say

Chorus:

E B
I love you, You alone deserve the glory
E B
I love you, You alone deserve my praise
E/G# A
Nothing else but just to say
C#m B
You take my breath away

Bridge:

A B G#/E
The veil has been torn so I could know You
A B C#m
Here in this moment we are one
A B G#/E
Take me to heights soaring beside You
A B C#m
As the stars proclaim the greatness of Your love
